APIALES WALL Brushed Brass/Opal White

Design: Sofie Refer, 2021. EU-model.

Apiales Wall in mouth blown Opal White glass and Brushed Brass finish.

The Apiales collection is designed with inspiration from flowers. The collection consists of single pendants, wall lamps and chandeliers with 9 or 18 mouth-blown glass globes, all available in golden Brushed Brass finish or the smooth Satin Black.

Apiales Wall is available with a classic wall bracket or as a hard-wired version, to be connected directly to the electrical wiring in the wall. The wall lamps are designed to represent a single small flower picked from the umbrella-inspired chandelier and echo the form and simplicity of the chandelier design.
