MOUNTING INSTRUCTIONS

NB! When handling this lamp please always handle with care as this is a **fragile product**.

NB! The shade may need adjustment when mounted. Just grab the shade carefully and bend it in the place. Be careful, but some force needs to be applied.

NB! Use a E27 bulb of choice. We suggest a Arbitrary Ø60 5W LED bulb.

- 1 Keep the lower socket ring on the socket and remove the top socket ring
- 2 Place the shade on the socket so that the ring rests on the lower socket ring
- 3 Mount the top socket ring again and tighten slightly
- 4 Place the bulb in the socket and turn it in place
- 5 Plug in the lamp in the outlet and you are ready to go.
